Changes in life style, dietary habits, stress, excess use of electronic gadgets affects the major population of current scenario with different kinds of Manas Roga (Phycosomatic disorders). Stress is taking tool of the health of the people in this present competitive and challenging world. Unless if not addressed in time, it will cause disease burden and also affects the development of country.

Ayurvedic Acharayas have realized the role of mind on the body thousands of years ago. While mentioning the etiology of almost every disease our acharyas have mentioned the psychological factors like bhaya, shoka, krodha etc along with the physiological causes. It shows the effect of mind in causation of a disease. The Ayurvedic medicines play a specific role to control and prevent the Manas Roga. The World Health Organization also declared a theme 'Depression' for year 2017. By Considering this, Shri Narayan Prasad Awasthi Government Ayurved College, Raipur, Chhattisgarh is organizing a "National Seminar on Recent Developments & Researches on Manas Roga" on
