Institute of Medical Sciences  
Banaras Hindu University  
Varanasi – 221005

*in association with*  
**National Sushruta Association, India**

Dear Friends,

We extend our cordial invitation to participate in the National Conference on **"Relevance of Sushruta's Concepts of Surgery in Present Era"** and the Pre-conference Workshop on **"Minor Surgical Procedures"** jointly organized by Department of Shalya Tantra, Faculty of Ayurveda, Institute of Medical Sciences, Banaras Hindu University, Varanasi in association with National Sushruta Association, India on April 6-8, 2017.

It is believed that the practice of surgery in ancient India developed and prospered in this holy city of Varanasi, under the patronage of King of Varanasi, Diwodas Dhanwantari who himself were a renowned surgeon of that era. The art of surgery was further developed by his disciple Sushruta, who laid down the fundamentals of surgical practice in the first surgical text of Indian history, Sushruta Samhita based on the teachings of Lord Dhanwantari and his own practical experiences. Sushruta covered a wide range of surgical domains ranging from basic surgical skills and training to various major elective and emergency surgical procedures in his treatise.

Though the advent of new techniques has completely transformed the practice of surgery over the period of time, many of the fundamental concepts & ethics postulated by Sushruta still hold valid today. In this dynamic era of scientific and technological developments, the relevance of Sushruta's concepts is needed to be evaluated and redefined. Sushruta Samhita is the basic text of Shalya Tantra being taught at all the institutes along with other surgical literature. However, there is a lack of homogeneity in the teaching and training of Shalya Tantra which also needs an evaluation. The conference aims at to provide a national platform for both the young and experienced scholars to share their views over these burning issues of today's era.

Banaras Hindu University is an internationally reputed temple of learning producing leaders worldwide who have contributed to the development of various systems fulfilling the dream of nation building. With a long list of accomplishments, the Department of Shalya Tantra has constantly been a part of the transcendent activities in the development of the Shalya Tantra at the national and international levels. Prof. PJ Deshpande, Dr. PS Shankaran, Prof. LM Singh, Prof. GC Prasad, Prof. KR Sharma, Dr. SN Pathak are some of the names of the legendary torchbearers from the department who have devoted their lifetimes to the development of the system by their multidimensional approach based on the fundamental paths shown by Sushruta. Department of Shalya Tantra welcomes you all at the learning universe of Banaras Hindu University to be a part of this scientific fest.

**Dr. S J Gupta**  
Organising Secretary

## Pre-conference Workshop

On this occasion, one day pre-conference live operative workshop will be organized on Thursday, 6<sup>th</sup> April 2017 for demonstration of following minor surgical cases-

- ❖ Ksharsutra Therapy in Fistula in ano (Conventional & IFTAK Techniques)
- ❖ Application of Pratisaraneeeya Kshara in Haemorrhoids
