Alva's Sanjeevini - 2018

State level Workshop on “Survey of Medicinal Plants”

A trip to the Moodbdiri forest range to explore the deep wilderness and to study the flora of Hosmar and Aliyoor region of forest.

Alva's Ayurveda Medical College presents before you the first edition of Sanjeevini. This workshop at Moodbdri forest range is a mixture of tropical wet evergreen, tropical semi evergreen, moist deciduous and plantations are seen in a very small trekkable distance. Among the surveys conducted in the western ghats, the maximum number of indigenous herbal plants with different varieties and species are seen in this area.

This Workshop offers the delegates a true and engaging experience where you become a part of the nature around and understand the plants. It will be an open forum for the knowledge aspirants in the domain of ethno medico botanical awareness.
