International Seminar on AYUSH Products-Regulatory Aspects For Global Reach

Bharati Vidyapeeth University, Pune

Bharati Vidyapeeth was founded in 1964 by Dr. Patangrao Kadam, a visionary educationist. The motto of Bharati Vidyapeeth is "Social Transformation through Dynamic Education". In a span of 50 years, Bharati Vidyapeeth has grown into a leading educational consortium in India with 154 different institutions. In recognition of the academic excellence, achieved by Bharati Vidyapeeth University, Human Resource Development Ministry, Govt. of India, on the recommendation of University Grant Commission, accorded a status of Deemed to be University to 12 of its institutions in 1996 and today it has 29 educational and 3 research institutes under its ambit. Bharati Vidyapeeth Deemed University, Pune is re-accredited by NAAC with coveted A+ grade.

Poona College of Pharmacy: At A Glance

Honourable Dr. Patangrao Kadam, Founder of Bharati Vidyapeeth, established this college in 1981 which pioneered pharmacy education in this region. The college is ranked "11th" in India by National Institutional Ranking Framework (NIRF) 2018, MHRD Govt. of India. It is reaccredited in third cycle by National Board of Accreditation (NBA) with a period of 5 years. National Accreditation and Assessment Council (NAAC) has accorded this University the most coveted "A+" grade. This college has an ISO 2009-2015 Certification. It is a pioneer institute in Maharashtra that provides Pharm.D and Pharm.D (PB) education and training. UGC has accorded to this college a status of Departmental Research Support (DRS) under its Special Assistance Programme (SAP). AICTE has identified this college for its Quality Improvement Programme (QIP) for teachers and Entrepreneurship Development Cell for students. The facilities of college have been approved by FDA, Maharashtra state as Public Testing laboratory, Drug manufacturing unit established by the college is a unique experiment in India, for imparting practical training to the students. The college has collaborations with several research organizations and industries. Thirty six faculty development programmes and more than 430 deliberations by experts in the field have been organized. The distinctive performances of our students/faculty have received numerous prestigious awards in academia, research, sports and cultural activities. Our faculty has successfully implemented research projects from AICTE, DBT, DST, DRDO, UGC, BRNS and pharmaceutical industries. About 1300 research papers have been published in national and international journals and several patents have been filed. Pharmacy Council of India has identified this college for conducting Continuing Education Programme for Pharmacy Teachers.

IASTAM

Indian Association for the Study of Traditional Asian Medicine [IASTAM – India] (Est. 1981), over 39 years is committed to study and promote AYUSH – Ayurveda, Yoga, Unani, Siddha & Homeopathy – the Indian Systems of Medicine for their rightful place in National &

Global Health & Medical Care. IASTAM provides an interdisciplinary platform to bring together Traditional Systems of Medicine for integrative dialogue with other disciplines and policy makers to develop and strengthen value for its effective use. IASTAM was founded under the leadership of Pandit Shiv Sharma, after the first 'International Conference on Traditional Asian Medicine' [ICTAM] at Canberra, Australia (1979) under the guidance of Prof. A. L. Basham and Prof. Charles Leslie and support from Dr. K. M. Parikh. The purpose was to generate academic interest, create interdisciplinary opportunities and gain international recognition. Prof. K. N. Udupa became its first president after the sudden demise of Pandit Shiv Sharma followed by Prof. R. K. Mutatkar, Dr. S. K. Jain and Dr. Narendra Bhatt. IASTAM provides catalytic mechanism for interdisciplinary exchanges between AYUSH academics, practitioners and researchers with those from conventional medicine, life sciences, ethnobotany, ethnopharmacology, pharmaceutical sciences, natural product chemistry and scholars from the field of humanities like anthropologists, historians, linguistics, policy makers and such others. With more than 600 patron and life members, IASTAM aims to actively persuade its maxim 'Connecting Systems, Bridging Disciplines'. (www.iastamindia.org)

SFE-INDIA

Globalizing local knowledge and localizing global technologies

The Society for Ethnopharmacology, India (SFE – India) was constituted by the eminent academicians, researchers, industrialists with the vision of providing an environment for knowledge sharing among industrialists, researchers, students, healthcare-practitioners, and decision-makers interested in promotion of Ethnopharmacology and medicinal plant. The Society is registered under the West Bengal Society Registration act 1961 and is affiliated to the International Society for Ethnopharmacology, UK. The mission of the society is promotion and development of traditional medicine and medicinal plants through dissemination of knowledge and development of collaboration and cooperation in this area. The society

organizes conferences, seminars, symposiums, workshops etc in different parts of India for discussion and sharing knowledge on different issues of natural product research. The Society also provides various scholarships and awards to the deserving students and scientists jointly with other organizations. For further details please visit www.ethnopharmacology.in or e-mail: sfeindian@gmail.com

Theme of the seminar

Traditional system of medicines play vital role in the global health care needs. Originated in India, they are continuing to do so at present and shall play a major role in future as well. This Indian system of medicine has unique distinction of having six recognized systems which are Ayurveda, Siddha, Unani and Yoga, Naturopathy and Homeopathy. Currently, this system is growing not just in India, but the world over. However the regulatory aspects in different countries differs and there is a need of awareness about these regulations to promote Ayush products globally. This seminar focuses on following 04 perspectives

- Pharmaceutical
- Ayurvedic
- Industry
- Research

Further, seminar focuses on challenges in regulatory aspects for the promotion of Ayush products globally. The unique feature of this program is that it comprises of a compact seminar, 04 brief presentations on perspectives by experts followed by panel discussion and question and answer session that enable the audience to interact with the experts specifically.
