ARISE! AWAKE! SET YOUR GOALS !

In the last decade, owing to the increasing demand from various sectors like research, technology, international interests, administration and patients, the field of Ayurveda has witnessed a lot of positive changes in itself.

In order to have a promising career in Ayurveda, apart from being a good practitioner, there are multiple options, which are now open to be explored. For achieving this, it is essential to make young minds familiar with the new and evolved Ayurveda, encourage them to make most out of the existing opportunities and bestow them with the wisdom - "Vivek", to make appropriate career choices.

To bring these ideas into reality, on the occasion of Vivekanand Jayanti, Ayurved Vyaspeeth has taken this initiative to organize one day National Seminar
